

CDR announces distribution agreement with HLR - Chemlaborreaktiv LLC for the CDR FoodLab[®] line of products

February 1st, 2021 - On the back of a successful partnership that started few years ago, CDR Srl has today announced a distribution agreement with Chemlaborreaktiv LLC (HLR) - leading distributor of laboratory equipment and materials in Ukraine - for the CDR FoodLab[®] range of products for quality control for food and beverage.

Gabriele Casini, Sales Manager CDR FoodLab[®] said, "HLR is leader in distribution and service of lab equipment in Ukraine, we know them since 2017 and they have done a great job over the years promoting and supplying CDR FoodLab[®] to agri-food industries in Ukraine. It is now time to strengthen our partnership with the aim of increasing the presence of CDR products in Ukrainian territory."

CDR FoodLab[®] is a line of chemical analysis systems for food and beverage quality control with outstanding and unique performance and accuracy features, easy to use and versatile, that allow you to determine a wide panel of parameters without having to use several analyzers.

The agreement provides for the assignment to HLR of the exclusive distribution of CDR FoodLab[®] products for food analysis. HLR will also have the possibility of distributing the product line for beverage analysis.

About HLR Chemlaborreaktiv LLC

HLR is one of Ukraine's leading companies engaged in complex laboratory solutions development and distribution. Founded in 1995 HLR had grown from a small company focused in one segment into powerful supplier of everything starting from laboratory glassware and furniture to complex devices for high-end analysis. Today HLR is a reliable partner of Ukrainian enterprises working with pharmaceuticals, medical services, food and feed products, heavy industry and mining, etc.

About CDR

CDR S.r.l is an engineering company based in the neighborhood of Florence, Italy.
